With the GST being one of government's the biggest tax reforms in the India; We have been always ready for GST in India since our products are already being used in GST compliant countries like Singapore ,Malaysia, Indonesia, Australia.

Deskera is first choice of SMEs in Southeast Asia, particularly in Singapore, Indonesia, Malaysia, Thailand and the Philippines. Indonesia was the first country in the region to implement the GST system way back in 1984, followed by Thailand in 1992 and Singapore in 1994. The Philippines adopted the GST in 1998. Malaysia switched to the GST in April 2015. In all these countries, Deskera is a significant player with its product offering that is compliant with GST and helps in accounting needs of customers like StarHub , Google , Grant Thornton , INCEIF , SIDC , Sushi Tel , F1 Recreation , Star Creuers , Intel , Senwan Group ,PM office Singapore... etc.

Deskera Product Offering

This varied experience, and being an Indian software manufacturer developed by IITians, puts us in a unique position to enable GST for the Indian businesses, particularly the SMEs in the manufacturing sector with our background in GST roll out in International markets, and our understanding of the Indian accounting practices.

Our Product offerings (ERP, MRP, CRM, HRMS, PM) provides complete solution for any organisation as it's fully integrated to each other.
